APRESENTACÃO

A Secretaria da Receita Federal, através da Coordenação do Sistema de Informa ções Econômico-Fiscais, tem o prazer de entregar aos usuários das estatísticas pertinentes a área fiscal, a sétima edição da obra Imposto de Renda Pessoa Jurídica, em que se contêm dados relativos ao exercício de 1979, ano base de 1978.

A estrutura básica da publicação manteve-se inalterada com relação as edições anteriores, apresentando-se sob a forma de quatro relatórios estatísticos, que indicam as modalida des de tributação a que estão sujeitas as pessoas jurídicas.

Os três relatórios iniciais enfocam a situação das empresas com fundamento no lucro real, arbitrado e presumido, ficando registradas, na última apuração, as estatísticas gerais deste imposto.

Os dados relativos à forma de tributação baseada no lucro real correspondem apenas às pessoas jurídicas que apresentaram suas declarações de rendimentos através do Formulário I, (no exercício de 1979), tratando-se portanto, de:

- a) empresas com imposto a pagar ou a restituir;
- b) empresas que tiveram a sua tributação baseada no lucro real independente do mês de encerramento do balanço;
- c) empresas beneficiárias de reduções ou isenções decorrentes de incentivos fiscais;
- d) companhias estrangeiras de navegação marítima, aérea e de transporte terres tre internacional;
- e) empresas em fase de implantação que tiveram despesas "pre-operacionais" ou "prè-industriais".

As informações concernentes à tributação baseada no lucro presumido correspondem às pessoas jurídicas que apresentaram sua declaração através do Formulário III, e que podem ter natureza jurídica de firma individual, sociedade por quota de responsabilidade limitada ou em nome coletivo, cuja receita bruta anual não tenha sido superior a Cr\$ 6.434.640,00 e cujo capital registrado não supere a Cr\$ 1.191.600,00, desde que tenham optado por essa forma de tributação, nos termos da Lei nº 6.468, de 1977.

Com relação à apuração do lucro auferido pelas empresas, no exercício de 1979, adotaram-se os seguintes conceitos:

- a) <u>lucro real</u>: o apurado com base em lançamentos contábeis, feitos sistematic<u>à</u> mente de acordo com as leis comerciais e fiscais;
- b) <u>lucro arbitrado</u>: o aplicável à pessoa jurídica obrigada a manter escritur<u>a</u>
 ção regular e que não a tenha feito ou não tenha elaborado
 demonstrações financeiras de que trata o \$49 do artigo 79
 do Decreto-lei nº 1.598, de 26 de dezembro de 1977. O lucro
 também será arbitrado pela autoridade tributária, quando:
 - I o contribuinte que optar pela tributação com base no lucro presumido, não cumprir as obrigações acessórias relativas à sua determinação;
 - II 🛪 o contribuinte recusa-se a apresentar os lívros ou do cumentos da escrituração à autoridade tributária;
 - III- a escrituração mantida pelo contribuinte contiver vi cios, erros ou deficiência que torne imprestável para

- determinar o lucro real ou presumido ou revelar evidentes indícios de fraude ou sonegação;
- IV o contribuinte sujeito à tributação com base no lucro real e não autorizado a optar pela tributação com base no lucro presumido, espontaneamente apresentar declaração de rendimentos.
- c) <u>lucro presumido</u>: o calculado com base na receita das empresas enquadradas nos termos da Lei nº 6.468/77 com as alterações do <u>Decre</u> to-lei nº 1.647, de 18/12/78.

Para os conceitos acima mencionados, vigoraram as seguintes alíquotas, para fins de cálculo do imposto, no exercício de 1979:

- 30% sobre o lucro real, arbitrado ou presumido, apurado pelas pessoas jurídicas em geral;
- 17% sobre o lucro tributável apurado pelas empresas concessionárias de serviços públicos, cujos lucros não excederem de 12% do capital a remunerar;
- 6% sobre o lucro real apurado pelas empresas que tenham por objeto exclusivo a exploração das atividades agrícolas e pastoril, da apicultura, avicultura, sericicultura, piscicultura e outras de pequenos animais e de indústrias extrativas vegetal e animal, com exceção das empresas de transformação de seus produtos e subprodutos;
- 6% sobre o lucro das empresas concessionárias de serviços públicos de tele comunicações e de energia elétrica e sobre o lucro operacional das empresas de saneamento hásico.

Foram consideradas isentas do imposto de renda, as empresas individuais, qual quer que seja a sua atividade econômica, e as sociedades que exploraram exclusivamente atividades agrícolas, pastoris, comerciais ou industriais, cuja receita bruta anual, inclusive as não operacionais, não seja superior a Cr\$ 222.908,00, equivalente ao valor de 700 ORTN em dezembro de 1978.

Vale lembrar que as informações apresentadas neste trabalho referentes aos lucros, quando classificados em negativo e positivo, não computam as ocorrências do resultado nulo. Igual critério foi adotado quanto ao item imposto líquido, que somente aponta as ocorrências relativas às pessoas que tiveram imposto líquido a pagar ou a restituir.
